Hi, We are from team 87 (Alpha Skyhawks from Singapore ). Just would like to comment that the competition was very well organized and thank you to all for making the competition a memorable event.

## Shaima'a Ha

Congratulations to all the winning teams!  
Great work everyone, and hard luck to those who didn't win. It's all about the experience, meeting new people and learning from them.

The competition was brilliantly organized and coordinated. That's what I saw from the photos and the live stream. So a big thank you goes to the organizers and everybody who managed to keeps us updated.

I hope everybody had a good time. Well done!

I learnt a whole lot from the FLL OEC 2014, but one thing that stood out for me was the kindness & love in the building. I have never experienced a whole 4 days consecutively filled with nothing but good energy & i'm honoured to have been part of it.

Thank u so much to all the volunteers,judges,referees & teams. I'll forever cherish the life lessons i got from this experience.

Congratulations to each & everyone of u who participated, u made a huge difference in that venue.
